Trusted Parents is committed to supporting parents caring for uniquely challenged children living with disabilities. We understand the importance of offering a summer camp experience that understands the sensitivity and challenges of each camper. Our specialty camps offer therapeutic activities in a traditional camp setting that is designed to promote fun and social skills.

Your child(ren) will enjoy eight weeks of fun at our summer camp! Our program offers the opportunity to bridge our campers, with and without IDD, together as friends. Due to measures beyond our control, we can only accept moderate to high functioning children with Intellectual & Developmental Disabilities (IDD), with no aggressive behaviors (**please review guidelines of acceptability**). Our camp will focus on the use of therapeutic recreational activities designed to promote fun, teamwork, and social skills. Our campers will engage in group games, playground fun, arts and crafts, field trips, sports, and much more. Every week will have a specific theme designed to have each child embark on a new and unique adventure, all while engaging in therapeutic activities designed to build and strengthen the gross and fine motor skills of our campers with IDD.

Pricing vary upon “early bird” registration: We are offering the “early bird” rate of **\$245** per week to our returning campers for registrations made **between January 14 and February 1**, and **\$255** for registrations made between **February 18- March 8**, for all other “early bird” registrants.
